Exciting News

Some Proud Moments in 2024

AGENDA

- **Overview** of PCI Compliance.
- PCI Compliance **Updates in 2025**.
- **Importance** of staying up to date.
- **Practical Solutions**.
- **Q&A**.

What is PCI Compliance?

**Payment
Card
Industry**

**For
organizations
that take
credit cards.**

**Standards for
protections
of cardholder
data.**

12

**Twelve
requirements
within the
DSS
merchants
must meet**

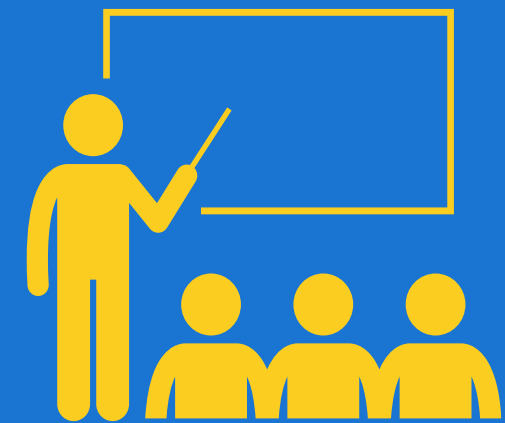

PCI VERSION (4.0)

Big changes for merchants...

What's Different?

- **Merchants are required to perform risk assessments of their cardholder data environment.**
- **Documented policies and procedures.**
- **Security awareness training.**
- **Right now it's recommended, but on March 31st it will be mandated?**

HOW DOES ENDSIGHT HELP?

- Properly scope your CDE to limit your compliance exposure.
- Conduct targeted risk assessments of the scoped environment.
- Identify and recommend remediation of deficient controls.
- Draft formal PCI procedures.
- Create the required security policies.

What sets Endsight apart?

We Know You

We Go Beyond

**We will work
with you**

endsight 

What does compliance failure look like?

Story Time!

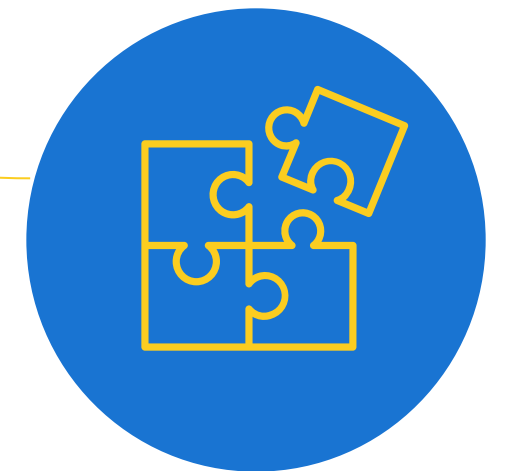

Next Steps

The requirements become mandatory on March 31st. Now is the time to start.

Take that information to internal stakeholders and see if that's an appropriate risk profile

Work with us to remediate and mitigate the inappropriate risks

Contact your Technical Account Manager, or answer "Yes" in the form.

Q & A

SUMMARY

- New rules and regulations are around the corner (March 31st) for businesses that accept credit cards.
- As your IT provider, Endsight knows your environment and will help you get it right instead of just getting it done.
- March 31st will be here before you know it. The sooner you start this the better.

Cybersecurity Fundamentals

- February 11th @ 1 PM PST!
- Endsight provides a complimentary cybersecurity training.
 - This training will cover everything from networks, to workstations, to the wild wild web, to email, to personal habits, to examples of phishing attacks.
 - To register:
 - Scan the barcode
 - Go to: <https://get.endsight.net/monthly-cybersecurity-fundamentals-training>
 - Email akreps@endsight.net to register
 - Answer "Yes," in the poll (will show up in the next slide)

Office Hours

- February 13th @ 1 PM PST.
- This may be the day before Valentines Day, but both the topic (and presenter) isn't lovely.....
 - Top Threats Endsight saw in 2024 with Stephen Hicks.
 - There is no better way to spend Valentines Day Eve!
 - To register:
 - Scan the barcode
 - Go to: <https://get.endsight.net/cybersecurity/office/hours>
 - Email akreps@endsight.net to register
 - Answer "Yes," in the poll
